

DUNN'S PARTNER IS CONVICTED

Of Murder of Sheriff John H. Powers

AT CLARKSVILLE, ARK.

Jersey Durham and F. West Were Found Guilty Yesterday.

Chief Burt yesterday received a telegram from Harry Sutton at Clarksville, Ark., saying that George Durham and F. West had been convicted of murder in the first degree by a jury in the Johnson county circuit court. Durham and West, with two men known as Denver Frenchy and Smiler Joe, with John P. Dunn, were charged with the attempted robbery of the bank at Clarksville, Ark. Everybody in Wichita remembers John P. Dunn and George Durham.

On the morning of February 5 last Dunn with his gang entered the bank at Clarksville. John H. Powers, sheriff of Johnson county, was killed in the performance of his duty in trying to arrest the burglars.

Dunn was shot in the right hip, and about the middle of the month he was found in the St. Francis hospital and known as "Jersey." He was arrested in Wichita on February 15.

Dunn lay in the hospital over six weeks under the constant care of a physician. On the night of April 3 by some means he escaped from the hospital, and at a time when every doctor who had examined him said that it was impossible for him to walk and that positive death would result from his moving. Dunn escaped all right and nothing has been heard of him until a month ago, when a representative of a Cincinnati detective agency hopped up in Florida, saying that he had killed Dunn while trying to arrest him for the murder. This matter was never investigated, as the authorities had little faith in the story. Dunn may be dead, but the police forces of half a dozen cities do not believe it, and they do not know where he is.

T. West, the other man convicted yesterday, is well known among the crooks of this city. He robbed the postoffice at Cheney about three years ago and served a two-year sentence in the federal penitentiary. He got out just in time to take part in the Clarksville robbery, and now he has a sentence of death hanging over him. Denver Frenchy and Smiler Joe are known here.

The trial was attended by Harry Sutton and a score of the local police force and the Robbers of Wellington, each of whom will participate in the reward of \$500 offered for the conviction of each man.

HIGH SCHOOL TEAM WON

They Defeated Business College by Score of 5 to 0.

In the game yesterday afternoon the High School defeated the Wichita Business College by a score of 5 to 0. The score, however, does not show the standing of the two teams, as only five times during the entire game were the Business College able to make the required gains, and during the first half gained only six yards, their points excepted.

The game was hard fought and ended from the spectators' point of view. The first half was mostly played in the Business College's territory, but the excellent punting of Hager kept the High School from scoring.

In the second half the High School, by good team work and hard playing, placed the ball over their opponent's line, but failed to kick the goal. Walton and Steward did most of the ground gaining assisted by excellent interference. The High School can be justly proud of her victory, and if she wins her game next Saturday with the Academy, she will end her season in a glorious manner.

SURVEYORS START THIS WEEK

To Decide on Line of the Winfield and Southern.

Early this week the surveyors for the Winfield and Southern Railways from Winfield into the coal fields of the Osage nation will begin the work of marking the preliminary survey of the road. Such was the announcement of the promoters of the road at Winfield yesterday.

This is the road projected by the Winfield business men for opening the coal fields of the Indian territory to supply the towns of Southern Kansas with cheap fuel. All of the preliminary arrangements for the road have been completed and the first actual work will begin this week.

From information gleaned since the road was first projected, the fact that the St. Louis and San Francisco rail-

Calkins, the Story Teller.

Mr. Franklin W. Calkins of Wyoming, Wis., who writes many interesting stories for the "Youth's Companion," says: "Food can make or unmake a writer. For a number of years, living the sedentary life of the writer and student, I suffered all the life of nervous dyspepsia. I could eat nothing in the morning save a dry crust of toasted bread and a cup of weak coffee. For my dinner at 4 o'clock I had been in the habit of eating rare beefsteak, the only food from which I seemed to get proper nourishment, but no meal was taken without the after-pangs of indigestion. I was beginning to get disgusted with life.

"About a year ago a friend suggested Grape-Nuts, telling me of the benefit he had received from the food and I began with it as directed. I found immediate relief from my indigestion and in a short time my dyspepsia left me entirely. I have now used Grape-Nuts for a year and have had no trouble with my stomach, having eaten many enjoyable dinners.

"I find in fact that all you say for Grape-Nuts is true and it is certainly the food for brain workers and the truth of your claims is proved in my own case. I have no appetite for meat."

It is believed that this trust company is furnishing the capital for building this new line and that when it is completed the St. Louis and San Francisco railway company will control it and shortly after it is put in operation the Winfield and Southern will become the property of and be operated by that railroad.

JUDGE DALE WAS PLEASED

Jury Made Him Present of Splendid Gift Sticks.

Judge Dale was surprised and greatly pleased this morning, when the jury which had been serving this term was discharged and presented him with a set of golf sticks and golf balls. The set to a splendid one and the jury could not have chosen a more appropriate present. They had evidently heard that the judge was a lover of the sport and made the present by way of showing their appreciation of his treatment of them while being on duty.

Judge Dale thanked them in a few appropriate remarks.

WEST SIDERS DEFEATED

South Enders Won Game of Foot Ball Yesterday.

The West Side foot ball team was defeated by the South Enders, by a score of 15 to 0 yesterday. The South Enders got the first choice and chose the south goal. The teams were evenly matched, as the ball was kept in the center of the field during the first half.

West Siders made a fumble on the second down, in the second half and Robert McCarty, securing the ball and with a good interference, made a touch-down. The three touchdowns were made as the direct results of fumbles.

Audrey Sanford returned to Wichita last night, after an absence of over a year. For ten months he played a clarinet in the Gipsy opera house orchestra at Muskogee, Mont. and for two months was a member of the orchestra at Seattle. A short time ago he went on the road with Beach & Flowers' minstrels and traveled through Oregon, California, Arizona and Old and New Mexico. The minstrel disbanded in Old Mexico a few days ago and the members left for their homes.

W. E. Smith Died Friday at Home North of City.

W. E. Smith died of consumption at his home fourteen miles north of this city Friday at 10:30 p. m. He was 28 years of age, and had been sick for a long time. The body was brought here yesterday for the purpose of embalming it. The funeral will occur at the Pacific school house at 2 p. m. today and interment will be made at Parsons tomorrow.

James Wilson granted marriage license yesterday to Courtney Simmons, age 22, of Galveston, Texas, and Wimple Ada Spencer, age 22, of Wichita; Ray Wood, age 22, of Cheney, and Wella C. Black, age 24, of Cheney; Albert J. Cupp, age 27, and Clara E. Cupp, age 21, both of Wichita.

DIVORCED THEN MARRIED AGAIN

All Was Accomplished Within Two Weeks.

COULD NOT LIVE ALONE

Doubted Legality of Their Early Reunion.

The course of true love never runs smooth, not even in Wichita. It runs into rough places in the road and occasionally runs into some obstacle which puts it off the track for a few days. This is the case with Mr. and Mrs. Cupp, who were divorced several weeks ago and who were remarried yesterday evening by Judge Wilson in his office. Mrs. Clara E. Cupp is a young girl and a decided blond, who is very good looking. Albert J. Cupp is a tall, slender man, who is 27 years old, and who does not have much to say.

The Cupps first came before the notice of the court house officials when on November 24 Mrs. Cupp filed a suit for divorce from her husband. The petition alleged that they had been married February 6, 1899, and that they had not along pleasantly until recently, when Mr. Cupp cursed the plaintiff, called her a liar and threatened to strike her with his fist. There was nothing out of the usual in the petition and as a waiver of summons was signed by Mr. Cupp the divorce was allowed. Then the fun began.

Mr. Cupp asked that the divorce be set aside, because, while he had signed the waiver of summons, he did not know what the paper was and that the waiver was obtained from him by fraud, and while he was in duress, and that he did not understand the import of the paper when he affixed his signature. He alleged that M. C. Miller, the attorney for Mrs. Cupp, came to him and represented to him that he was the county attorney and that if he did not sign the paper he would be sued for alimony. The paper signed was a waiver of summons and entry of appearance in the case filed by Mrs. Cupp.

Yesterday the couple called on Judge Wilson and asked if they could be married. He told them they could.

"But some of the lawyers saw we can not," said Mrs. Cupp.

"Well, you can, just the same," replied the judge.

"A lawyer told Mr. Cupp we could, and
